

Surplus Property NEWSLETTER

JUNE 2002

AMERICA – UNITED WE STAND

NOTICE:

We will be **CLOSED** for inventory Thursday, June 27, 2002 and Friday, June 28, 2002. We will reopen on Monday, July 1, 2002.

SPECIAL SALE!

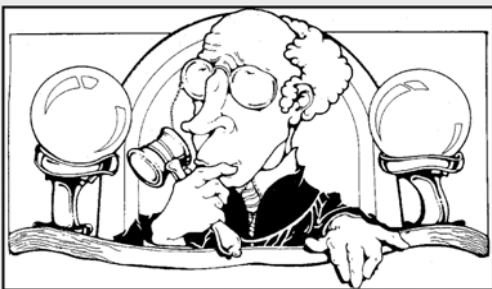

The Auction is coming!

We are offering a special sale to our donees. Every year, we hold a public auction usually in early August. This sale is open to the general public. Every year right after the auction closes, we have some donees come in and want to pick up something that was sold at the auction. This year, we want to encourage ALL donees to take a look at the auction items prior to the sale. So, we're holding a special sale from now through June 26, 2002 to all donee members. **EVERYTHING** that is set to go to the auction will be sold at **50% off**. For more information call Rich or Floyd. Don't miss this opportunity.

N.D.S.A.S.P. WINS AWARD

We are proud to announce that we were presented an award from the National Association of State Agencies for Surplus Property. We are number 9 in the nation for numbers of Associate Members. These are donees who have joined the association. Thank you, for joining and allowing us to be recognized. The Surplus Property program is being diluted more and more as time goes by and there is less and less property to provide to you, our donees. We will continue to do our best to provide the items you need.

The Associate Member program is one of our best tools to reach our legislators and influence their decisions. If you aren't now a member, please consider joining. It will be a great help in preserving the program that has proven to be such a great asset to the state of North Dakota. There is an application in this news letter.

1. Surplus property must be used in an authorized program.

2. Personal use or non-use of surplus property is not allowed.
3. Permission must be obtained before selling, trading or cannibalizing surplus property.
4. Read the back of your invoice - **UNDERSTAND YOUR OBLIGATION!**

FRIENDLY REMINDER

Most of you are aware of our payment procedures. However, we have recently added several new donees and we think we need to go over the payment procedures again. We will ONLY accept a check written on your organization checks. You can give us the check when you receive your property, or when you're billed. We prefer to bill you and receive your check. The Feds prefer this method because it gives them a complete paper trail.

We cannot accept cash, personal checks, money orders, or bank drafts. As funny as it sounds, the Federal Regulations Manual will not allow any of these. Their thinking is that these methods of payment will make it easier for someone to improperly receive property for personal use.

So, while it may seem unnecessary to you, please remember that this is the method of payment we are required to accept, and not something we invented to make your life more confusing.
